**Operational Information:**

- CIG OSINT identified a 16min live stream posted at 0942hrs on the Facebook page 'Personal Info. Personal Info.' also appears in the background.
  - o Person calls on all police officers to stand down and join the protestors. He states police do not have a duty to follow the order of 'this Prime Minister' and cannot act on orders that have not yet been passed. He states "I am speaking to each and every one of you right now in the uniform. Back off, stand down, put your badge on the ground, turn it in and stand with the people." He says they understand the police are just following orders but that will not be a legal defence or saving grace when standing on the other side of the witness box at the end of this.
  - o Person claims to know about police plans and that they will come in the middle of the night. He specifically mentions the OPP is currently conducting maneuvers and an LRAD is flying into CFB Trenton this morning for Ottawa Police Serve  
  
to use against protestors. He explains it will generate a sonic boom that will

scramble guts and blow ears out.

- Person also states they will be walking around downtown in about an hour and asks the people to stay by their trucks because he has some things to pass on. [\[i\]](#)
